SKILLS

C,C++   HTML,CSS,JS

ReactJS

Data Structures and Algorithms

SQL   MONGDB

NodeJS   ExpressJS

Git   Tailwind UI

INTERESTS

Web Development

Problem Solving

Chess

EDUCATION

Bachelor of technology (Computer Science)
Dev Bhoomi Uttarakhand University India

08/2021 - Present   *Average SGPA 9.7/10*

Intermediate (Class XII)
Holy Angle Senior Secondary School India

05/2020 - 04/2021   *Score - 80%*

High School (Class X)
Holy Angle Senior Secondary School India

05/2018 - 04/2019   *Score - 90%*

ACHIEVEMENTS

Rank 1 in geeksforgeeks(Intra College)
I have solved around 500 problems in gfg ,it got me rank 1 in problem solving in on campus.

Blue Coder at Codechef
I am a 3 star coder at codechef.

PERSONAL PROJECTS

E-commerce webapp using MERN stack , Click here ⤢
- Our MERN stack eCommerce web app offers a user-friendly interface with essential features like an admin panel, payment gateway integration, sorting, filtering, and pagination. Users benefit from secure authentication, email invoices, order notifications, and a seamless cart and order management system.

NamasteTalk (Chat webapp using MERN stack) Click here ⤢
- NamasteTalk is a modern chat web application built using the MERN stack (MongoDB, Express.js, React.js, Node.js) and Socket.IO for real-time communication. It offers a seamless chatting experience with friends and groups, featuring real-time messaging, group creation, and secure authentication using JWT. Leveraging Material UI for an intuitive user interface and Multer for efficient file uploads, NamasteTalk ensures a smooth and engaging communication platform for users.

My Portfolio website , Click here ⤢

Mini projects
- Spotify clone using html , css and javascript.
- Student Management Sytem using html , css ,js and sql.
- Tic Tac Toe and Snake Game using html ,css and javascript.
- MovieInfo webapp using html , css and NextJs.

ACTIVITIES

Hackathons
Worked with classmates in a college hackathon, helping create new ideas and solving problems together.

Coding Contests
Actively participating in coding contest platforms like leetcode,codechef, and gfg.
